Formal Forensic Attestation & Sanitisation Warranty: Phone Repair Centre certifies that all non-volatile memory, user partition storage, eMMC, and flash sectors on the equipment itemised in Schedule A underwent forensic sanitisation in strict compliance with NIST Special Publication 800-88 Guidelines for Media Sanitisation. All user data, corporate credentials, encryption keys, and cached tokens have been permanently purged and rendered forensically unrecoverable in lab testing scope in support of the Privacy Act 1988 (Cth) and Australian Privacy Principle 11.2 (APP 11.2 - Destruction of Personal Information). Cloud and enterprise locks (iCloud, Google FRP, Samsung Knox, MDM, ABM) have been permanently disassociated. Physical custody was maintained securely at 122 Queen St, St Marys NSW 2760.
